Advantages of SPC flooring

Excellent Performance

■ Anti bacteria

Innovative coating with silver ions added and moisture and fungi proof underlayment guarantee a cleaner and healthier flooring for everyone. Escherichia coli, Staphylococcus aureus, Aspergillus brasiliensis and other microbes won't stand a chance. 99% cleaner than untreated flooring certified by SGS. Guard your families 24/7 and create a haven.

■ High Abrasion

SPC flooring has a transparent wear-resisting layer, whose revolution is up and higher than 10000 turns.

■ Stain resistance

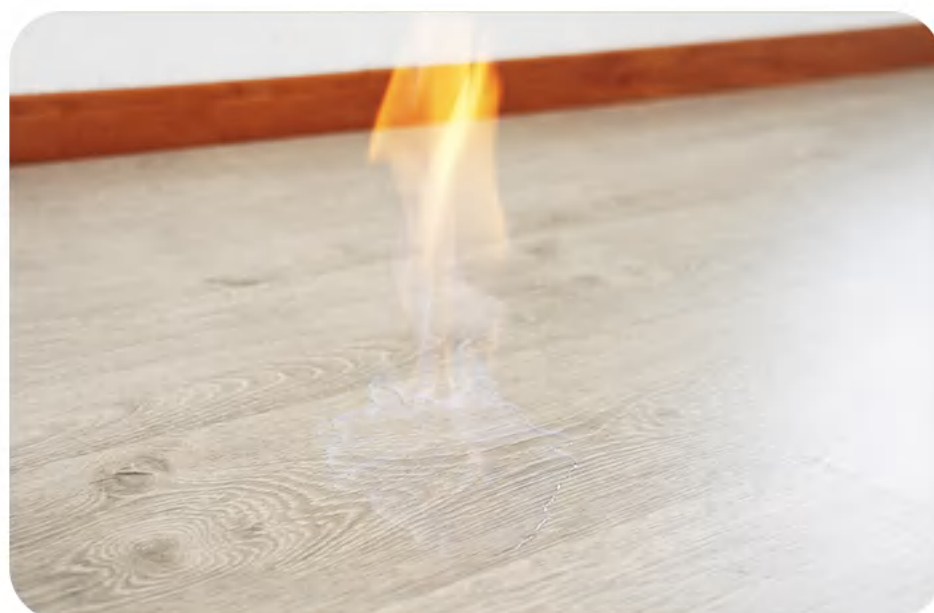

Special double UV paint guarantee the super stain resistance of YINUO SPC flooring. The normal stains below are very easy to clean:

Coffee, Any type of Sauce, Any type of Oil, Vinegar, Any other stains The wet mop is enough to make it clean.

■ Scratch resistance

200% better scratch resistance than the normal UV paint.

■ Fire prevention

Through the fire test, it will automatically extinguish when leaving the fire source, and the life safety is guaranteed.

■ Anti slip

The surface is of high-density special structure and simulated wood pattern. It is more astringent in case of water and does not slip. Home pavement can relieve the safety concerns of the elderly and children. Its characteristics are unmatched by stone and ceramic tile.

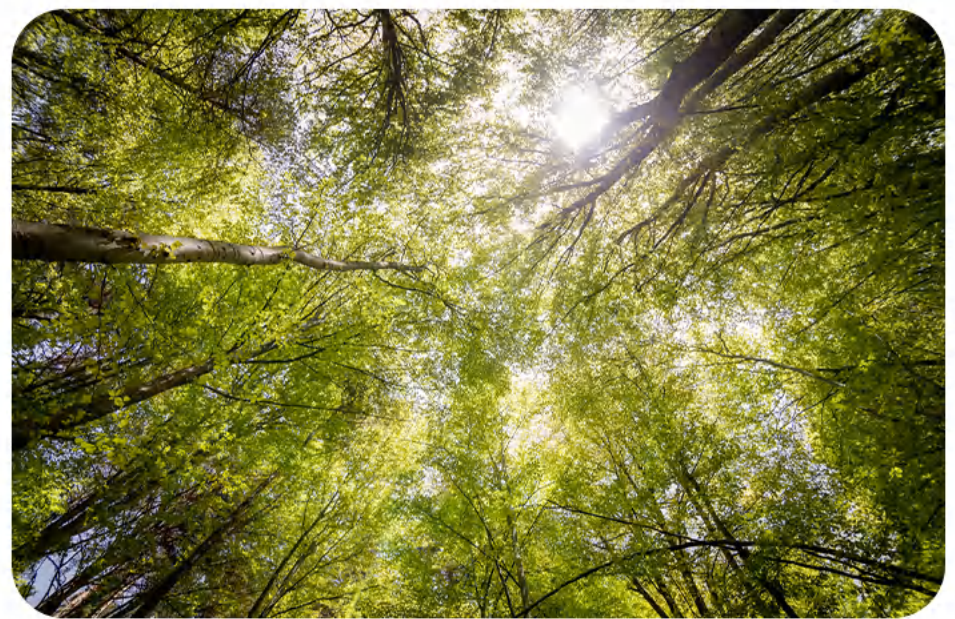

■ Noise reduction

It owes the properties of environmental protection, sound insulation, moisture, etc. Families can enjoy a more quiet and comfortable indoor environment. SPC Flooring with IXPE Sound-absorb-ing & noise protection. Enjoy a comfortable life.

■ Impact resistance

With unique raw materials and manufacturing technique, SPC flooring can provide excellent impact resistance to you. You don't have to worry when you walk on it in your new high heels or dropping your heavy suitcase on the floor after your trip.

■ Eco-friendly

All materials used in the product are safe and environmentally friendly, have no impact on the human environment, and do not contain any radioactive elements.

■ 100% waterproof

SPC flooring is new flooring materials which is 100% waterproof; The materials of SPC flooring do not absorb any water; You can installation the SPC flooring in the kitchen, bathroom.
